CALTRANS TO CLOSE WB 91 FROM THE INTERCHANGE TO MISSION INN AVENUE

Riverside - The California Department of Transportation (Caltrans) will conduct a full closure of the westbound 91 at the eastbound 60 connector. The closure is necessary to pour the concrete on the north/west connector ramp at the interchange of 60/91/215. This work is anticipated to begin on Wednesday, June 7, 2006. The closure will start at 9:00 p.m. and finish at approximately 4:30 a.m.

Detour - Motorists traveling northbound on the 60/215 and wanting to continue onto the westbound 91 will need to bypass the 60/91/215 interchange and take the 60 westbound to Market Street and then south on University to the westbound 91. Motorist traveling southbound on I-215 from San Bernardino will take the same detour. There is no impact to the 91 eastbound freeway.

Caltrans thanks motorists for their continued patience and support and asks that motorists please be aware of the construction area and always make a point to ***SLOW FOR THE CONE ZONE.***
